Benedictus Bagas Putra Heryanto

Information Systems Undergraduate | Aspiring Data Analyst

benedictusbagas310@gmail.com | linkedin.com/in/benedictus-bagas

Profile Summary

Dedicated Information Systems student with a 3.88 GPA, skilled in data modeling via Excel and possessing 1 year of experience with Python and Oracle Cloud Infrastructure. Co-developed a responsive web application using HTML, CSS, and JavaScript as part of a collaborative 4-person team. Seeking a part-time role to leverage strong analytical and development skills.

Education

Binus University @ Alam Sutera

Bachelor of Information Systems | GPA 3.88 | 2024 - *Expected Graduation:* 2028

- Developed and evaluated information systems using requirements analysis, data modeling, and quality assurance practices.
- Worked on web-based projects involving database design, system workflows, dashboards, and user requirements.

John de Britto High School, Yogyakarta

Science

- Completed a rigorous high school education with an emphasis on academic development, critical thinking, discipline, and independent learning.
- Actively participated in school activities and collaborative environments, developing communication, teamwork, leadership, and problem-solving skills.

Work Experience & Campus Involvement

Information Systems Lab, Binus University @Alam Sutera

Information System Project Member | Feb 2026 to *present*

- Served as a Quality Assurance (QA) team member for the development of the IS Lab Management website, ensuring the system met client requirements, business needs, and expected user experience.
- Reviewed and validated system requirements and functionalities to ensure that implemented features aligned with the needs of IS Lab staff and students participating in competitions.

Student Support Office, Binus University @Alam Sutera

Part Time | Jul 2026 to Sep 2026

- Processed and transformed raw data into structured, clear, and easy-to-read information to support monitoring and decision-making.
- Developed an innovative KPI Table to streamline SSO task-completion monitoring, making progress tracking more efficient and easier to evaluate.
- Assisted Freshmen Leader and FYP Leader teams in identifying and resolving operational challenges to ensure smooth program execution.
- Collaborated with team members to improve workflows, maintain data accuracy, and support the successful delivery of program activities.

HIMSISFO, Binus University @Alam Sutera

Activist | Jan 2025 to Feb 2026

- Served as Vice Project Manager for 2026 Farewell Party and Yearbook work programme, co-directing overall project tasks, scheduling timeline, and cross-functional team workflows.
- Directed operations as a Division Coordinator for 2025 SELCAVIS work programme, supervising staff members and aligning divisional deliverables with core project timelines.
- Contributed as a Project Staff across 3 work programmes, executing fund raising for the annual Birthday Party, managing designs and documentation for the Expo/Welcoming Party, and managing designs for the Digital Indonesia work programme.

FYP Leader, Binus University @Alam Sutera

FYP Leader | Mar 2025 to Jun 2026

- Monitored Information Systems Freshmen’s activities during the First Year Program, ensuring compliance with university tasks and rules.
- Led a team of Freshmen Leaders during the "New Student Experience and Transitions" period, delegating tasks and mentoring them to deliver high-quality peer onboarding.
- Monitored Freshmen Partners through the execution of the "Excellence Program".
